THREE MEN SHOT ON C. & O. TRAIN

ONE DEAD AND THE OTHERS ARE
EXPECTED TO DIE.

On last Tuesday morning Will Hopkins instantly killed Will Blackburn and probably fatally wounded his brother, Henderson Blackburn, on a train near Pikeville. Hopkins was shot through the left lung by one of the Blackburns and was taken to a hospital in Ashland. His condition is very critical.

A brother of the Blackburns recently shot and wounded Billy Hopkins, brother of Will. The Blackburns and Hopkins brothers, three each, were on their way to Pikeville for the examining trial when the fatal shooting took place.

Hopkins is prohibition enforcement officer. He and his brother and one of the Blackburns were in a car ahead of Will and Henderson Blackburn. Will Hopkins was passing through the rear car when the two Blackburns began to curse him and call him names. It is said Hopkins moved on to the rear of the car, warning the Blackburns to remain in their seat. They arose, it is said, and the shooting started. Hopkins fell on the long seat at the end of the car when a bullet hit him, and it seems that he died most of his life from that position. Henderson received three wounds. The men are all comparatively young. Hopkins is about 25.

TAYLOR MUNCEY INDICTED FOR KILLING ERVIN ELKINS

Williamson, W. Va., Dec. 8.—Four indictments charging murder in the first degree were returned today by a special grand jury called to investigate disturbances growing out of the industrial trouble which has resulted in twenty-three deaths and probably \$10,000,000 property loss since last May.

Those indicted were Taylor Cole, Taylor Muncey, "Butch" Frost, and Samuel Varney.

John C. Mayo was held up by a foot pad in Ashland last Friday night just as he was about to enter his home. He had only about \$4.50 in his pockets and the robber took that. John requested the robber to give back an empty purse or pocket book and the fellow complied with the request.

A SWEEPING INJUNCTION.

A Massachusetts court has just made one of the most sweeping orders in restraint of organized labor to be found in the annals of industrial litigation in this country. Two unions of the United Shoe Workers and the Allied Shoe Workers' Union of Greater Boston are not only forbidden to picket the factory against which a strike had been declared, but the unions are restrained from paying strike benefits to their members and from intimidating or even trying to persuade workers or even their union, and they are specifically restrained from advocating the closed shop and from seeking to divert trade. There is hardly anything open to organized labor in the way of prosecuting a dispute that is not forbidden in this drastic order.

It is to be noted, however, that the controversy out of which this particular litigation grew was waged over an attempt to force a closed shop upon the manufacturer, and on this issue popular sympathy outside of the labor unions will clearly be on the side of the manufacturer. So far as known, there was no question of wages or working conditions involved, the unions undertaking to impose upon the shoe manufacturer the obligation to employ only union labor, under penalty of having his factory picketed, his employees harassed and his customers threatened with boycott if they continued to trade with him. This is a very different proposition from the contention usually made by the unions, that they are fighting solely for a living wage and wholesome conditions of labor. In the Massachusetts case there was apparently a mere assertion of a right and purpose to deny employment to non-union workers and to coerce the employer to adopt the closed shop, whether it was to the best interest of the employer or employed or not. If this be an accurate statement of the case, the court order was none too drastic.—Philadelphia Public Ledger.

MOVING TO ASHLAND.
H. L. Ross of Pitt Gap, Johnson-co., has purchased a handsome home in Ashland and is locating there with his family.

MARRIAGE OF MISS BLANCH WILSON TO MR. ENNIS

Miss Blanche Wilson, of Louisa, and Mr. Phumier Ennis were united in marriage last Monday morning at nine o'clock. The wedding took place at the home of Mrs. Flen, McHenry on Lick Avenue. The ceremony was performed by Rev. S. F. Reynolds in the presence of a few friends and relatives of the bride.

The bride is the only daughter of Zeke Wilson. She has lived in Louisa most of her life where she is popular among her friends. She is well fitted to preside over her home.

Mr. Ennis who is an engineer is an industrious and promising young man. He met the young lady who is now his bride while she was visiting her relatives, Jerry Endicott's family, when they lived in Wheeling.

The couple left over the C. & O. at ten o'clock for a wedding trip and later will be at home in Wheeling where a furnished home awaits them.

Louisa friends extend congratulations and best wishes for their future happiness.

MAN KILLED AT BREEDEN, W. VA.

John H. Marcum was shot and killed at Breeden, Mingo-co., Monday morning. Marcum was killed in a melee with State police when a gang of robbers attempted to make away with a quantity of coal from a passing freight train.

Marcum was under bond for \$5,000 on a charge of shooting Meredith C. Barrett at Breeden on Nov. 3. The bullet that hit Barrett was fired from train No. 28. A week later Marcum was arrested by state police and taken to Williamson. After being held a few days, he was admitted to bail.

Marcum was 24 years old and a son of Henry Marcum. He is survived by his parents, one brother, his wife and one child.

A YOUNG MAN KILLED BY GAS

Harney, son of Frank Vanhorn, of Zelida, this county, was killed near Portsmouth Wednesday morning while at work on a scaffold.

We could not learn the particulars of the accident, but it seems that Mr. Vanhorn was overcome by gas or fumes. It is reported that another man working with him died at the same time.

Harney was about 25 years old and was married only two months ago to a daughter of O. B. Stump, formerly of Zelida. The death of this young man has brought deep sorrow to the neighborhood in which he lived. He was industrious and gave promise of a useful life. His parents are good people, and to them and the young wife especially there goes out the sincerest sympathy. The body was brought to Zelida for burial.

Appellate Court Passes on Gas Service

Frankfort, Ky.—Public service corporations, possessed of franchises which do not specify the minimum amount of service they are required to render to their customers, do not escape liability to their customers for refusal of their services, the Court of Appeals said in an opinion by Chief Justice John D. Carroll, reversing the Montgomery Circuit Court in the case of A. J. Humphreys against the Central Kentucky Natural Gas Company.

Humphreys, a florist at Mount Sterling, sued the company for \$710 damages because it had not furnished sufficient supply of gas to prevent his flowers freezing in the winter of 1917. He was thrown out of court on a demurrer, as the company's franchise did not require it to maintain any specified quantity of pressure.

The Court of Appeals, however, said the question should have gone to the jury and remanded the case for that purpose, upholding at the same time the right of any citizen to maintain such action in his own name.

WALBRIDGE AND HOLT

Miss Gaynelle Newman, who has been seriously ill for several weeks at the home of G. G. Peters was removed to a Huntington hospital Friday last, and her condition is so much improved that relatives and friends are now hopeful of her recovery. Miss Newman returned Tuesday from Huntington. Mr. and Mrs. Dan L. Lynch left Tuesday for Princeton, W. Va., where they will reside. Mr. Lynch resigned his position with the Gas Co. here. He will resume work with the N. & W. R. R. as engineer. They are nice people and their friends regret their moving away. Miss Pearl Akers of Rounoke, Va., came Saturday for a visit with her sister, Mrs. D. L. Lynch. She accompanied them to their new home. Irene, little daughter of Mr. and Mrs. Henry Booth, who has been quite ill for several days is some better. Miss Irene Wells returned Saturday from Charleston, after a visit with Mrs. E. J. Ellison. Miss Rose Frazier and brother, John, of Gallup were week-end guests of Mr. and Mrs. Weitzel Peters. Misses Ve and Virginia Ashe of R. 1. were guests Sunday of Miss Opal Hardwick. Recently one of our correspondents spoke about an airplane passing over their community and stated some of the citizens thought Gabriel was sounding his trumpet. Some of our citizens thought they heard the trumpet sounding when they settled this years taxes, but were revived and the taxes were paid.

OIL COMPANIES QUIT DRILLING

The Ohio Fuel Oil Company is suspending drilling operations for the winter in the Lawrence county field. Also, it is reported that some of the other companies operating in this field will do the same thing.

Wells already in process of drilling, or just ready to start will be completed.

The Union Gas & Oil Company is not included in this movement. The Carter Oil Company and the Fisher Oil Company are named as amongst those who will close down.

The reason for this action is not entirely clear, but it is reported that the high cost of labor and the poor service being rendered by many of the men employed is the chief cause. Almost all employers have been complaining that the higher wages have gone the less work the most of the men do. This condition, they say, forces them to suspend until better results can be had through more efficient service. It means that men who have not done honest work will be without jobs when operations are resumed, according to the opinion of men in position to know.

The suspension will be very unwelcome to land owners and citizens generally.

Another Pike County Sheriff Shot on Tug

Williamson, W. Va., Dec. 8.—"Ed" Whitl, a Pike-co., Kentucky, Deputy Sheriff, was shot and seriously wounded in the coal strike district across Tug river from Williamson last night.

Henry Selzmere, an employee of the Black Diamond Coal company, was being sought by the authorities to connect with the shooting.

Whitl is the third Kentucky Deputy Sheriff shot within a week. According to the stories reaching Williamson, Selzmere was discharged from his job as leader in the Black Diamond mine yesterday and later attempted to shoot up the camp. Whitl was sent after him, and in the encounter was shot, but not, it was stated, before Selzmere also had been wounded.

Democrats To Be in Power in Mingo County

Beginning December 1st Democrats will hold all of the county offices in Mingo, County Clerk Elihu Boggs having emulated the example of Circuit Clerk Guy White by resigning to take effect November 30th, one month before the expiration of his six year term. Through the resignation of Judge Damron, effective November 1, Hon. R. D. Hally became judge of the circuit court.

The Democrats are thus fully restored to power in the county after a lapse of about twenty years. In the entire county the Republicans have only a few members of the boards of education, constables and justices of the peace.

Mr. Boggs will be succeeded by Riley Varney, county clerk-elect. While it has not been officially given out it is understood from an authoritative source that Jailer J. P. Webb is slated for a place in the clerk's office with Mr. Varney. It was first reported that Mr. Webb, who has been chief office deputy as well as jailer for sheriff Blunkenship, would enter private business.—Mingo Republican.

FLOYD COUNTY MAKES BID FOR MOUNTAIN SCHOOL

Lexington, Ky.—Various sections of Eastern Kentucky appealed for the school to be established in the mountains by the Daughters of the American Revolution at the meeting of the State Committee held at the Phoenix Hotel last week.

W. R. Jilison, State Geologist, head of Floyd county citizens. In addition to the plans for the school made by the delegation telegrams from prominent Floyd county citizens, officials and school authorities were received by the chairman during the session of the Committee.

Among the offers was one of 100 acres of the best agricultural land in Lee county with promise of the support of the officials and citizens, and another of fifty acres and \$1,000 to start the school.

Speeches were made by Superintendent Caudill of Floyd county, Dr. J. W. Hubbell of Lincoln Memorial University, Cumberland Gap, and Mrs. Ligon of Prestonsburg. Mr. Caudill assured the committee that wealthy coal operators, as well as all citizens of Floyd county, would give the school financial as well as moral support and that there need be no worry about getting land for the project. Mrs. Ligon told of the need of a school in order that children of the county may not be deprived of an education. Mrs. Wells said that she, like many others in Floyd county, was considering the sacrifice of business and home interests that she might take her children elsewhere to attend school.

Mr. C. D. Chennutt of Lexington, chairman of the State committee, read letters containing offers from various parts of the mountains.

FOREIGN MUSIC TEACHER STARTS TROUBLE IN ASHLAND

Prof. S. A. Waas, age 70, a music teacher, is charged with starting a small run on a bank in Ashland Tuesday by reporting it to be about to fail. When informed that he would be prosecuted under the law making this a penal offense he attempted suicide. The pistol ball fired by his own hand put out both of his eyes and cut the bridge of his nose in two. His condition is critical. The bank was shown to be absolutely sound and ready to pay all demands. Most of the frightened depositors returned their money when they learned the facts. The Day and Night Bank was the victim of the false rumor.

BROWN EYES.

IN MEMORY

On Nov. 27, 1920, the death angel visited the home of George Jordan and family and took their darling baby son for almost a month with diphtheria first and then double pneumonia. He was about three years old and there never was a sweeter and brighter child. He was the light of their home but alas, God needed another angel in his kingdom and took little Landon to live with him. Parents, sisters and brother we know the loneliness and heartaches you now endure, but remember your darling is a shining jewel in Heaven and is watching and waiting for you to come. So give your hearts to Jesus now and meet him in Heaven where you'll never have to part again and where all tears shall be wiped from our eyes. He was laid to rest Sunday in the family cemetery. S. O. S.

The Lawrence County Farm Bureau News

The Lawrence County Farm Bureau met at its office in regular meeting Saturday, December 4. Plans were discussed for increasing our membership for 1921. A buying committee was appointed and an order was placed by several farmers for several tons of feed and cotton seed at a saving of 25 cents per bag or \$17 per ton. And other members who want to buy feeds are urged to place their order at once with the Bureau or thru your County Agent.

Let the man who haggles over giving up his membership dues in the Farm Bureau ponder for a moment what Farm Bureau members have saved in the last few months. Kenton County Farm Bureau not the largest in the State by any means reports a saving of \$1500.00 on an order of feeds recently placed, and the same action caused the price of feed to go down among dealers. Carroll county reports a business of \$13,699.00 with a saving to its members of \$3,259.00. Mason county reports a business of \$40,000.00 with a saving of \$4500.00 to its members and this with but twenty-one hundred dollars in dues paid in. They purchased over 300 tons of fertilizer, \$5200 worth of clover seed, \$3000 worth of hay and many other items. Allen county bureau just 6 months old did a business of over \$6500 with a saving to its members of over \$1400.00. They have bought a \$15,000 brick house deed to the Farm Bureau. Numerous other items could be cited but these should show the Farm Bureau is functioning.

The question comes up now and then what is the matter with our Bureau, why we can't do the same things. We are, only the biggest trouble we have is our small membership, too many of our farmers are waiting to see what it will do. It can't do, unless farmers make it do, and it will do just what they make it do. It is your bureau. Why not use it. Your horse will not plow only when you make him plow. So it is with the bureau. How can you expect it to do great things unless it has the backing of a majority of the good farmers of the county. Our membership should be 500 instead of 104, then we could employ a business agent to co-operate with the County Agent and transact our business.

One million farm bureau members in particular, some six million farmers in general will have their eyes focused on Indianapolis next week. And many of the remaining ninety odd million Americans will turn their eyes the same way. For in that town the American Farm Bureau will assemble for its second annual meeting, the largest, newest and most potential of all farm organizations ever set in motion in our land. Today it is known from one end of the country to the other, its officers are put on the front page of big daily newspapers when they come to town. We are beginning to make ourselves heard as a national voice in farm affairs for the first time in our history. In the State the farm bureau is only 8 months old and now numbers 11,000 members, 51 counties are organized and our national secretary Coverdale reports 43 states as members of the American Federation.

The Farm Bureau is approved by the U. S. Department of Agriculture and the County Agents work co-operatively with them. G. C. BAKER, County Agent.

CHEROKEE

On Friday morning, Nov. 26, 1920, the death angel visited the home of J. T. Griffith and claimed for its victim his loving wife, Belle, age 42 years and three months. Mrs. Griffith had been in poor health for some time and fighting pneumonia only lived about five days. She was converted and joined the M. E. Church early in life at 14, and lived a devoted Christian until the end. It is said we are known by the life we live here, and we believe that Sister Griffith is today singing sweet songs around God's bright throne. She always met her friends with a kind word and a sweet smile.

Oh how we miss her, when we can no longer see her precious form or her smiling face here on earth, but we can join her with the ransomed in that home so bright and fair. All was done for her that loving hand could do. We know it is hard to give our loved ones up, but God saw fit to call her from her earthly home to that bright eternal home where there is life eternal for all who love and serve him.

She leaves to mourn her loss a husband and four children, a mother and five brothers and a host of dear friends and relatives. Her funeral was preached by Rev. Roland Hatcher at Bakers Chapel. She was laid to rest in the family graveyard on Catt facing the old home where she was born and raised.

A tender cord is broken,
A voice we loved is still,
A place is vacant in our home
That never can be filled.

Card of Thanks.
We wish to thank our friends and neighbors who so kindly assisted us in our bereavement and at the time of the death of our loving wife and mother, Mrs. Mary Belle Griffith. We also extend our thanks to our many friends and relatives at Bakers Chapel who showed us to much sympathy and respect. We especially thank the ladies for the beautiful flowers which they placed on the casket of our loving wife and mother.

WHAT LOUISA WANTS TO KNOW

THE ANSWER IS FOUND IN THE STATEMENT OF A LOUISA RESIDENT.

From week to week, from year to year, there have been appearing in these columns statements made by neighbors, which we have all read with great interest, and many of us with great profit. But what we want to know is, do they stand the greatest test of all—the test of time? Here is conclusive evidence on this point from a Louisa woman:

Mrs. R. J. Lewis, Franklin St., says: "For a long time I suffered from a annoying kidney ailments. I experimented with a good many remedies but got no relief. Doan's Kidney Pills, however, gave me freedom from those terrible spells of backache. They strengthened my kidneys and bladder and cured all the other symptoms of kidney complaint."

OVER SEVEN YEARS LATER, Mrs. Lewis said: "Ever since Doan's Kidney Pills cured me of backache and other symptoms of kidney complaint, my kidneys have been strong and have acted regularly."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lewis had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

"I AM HAPPIEST WOMAN IN TOWN"

THIS IS WHAT MRS. PHILLIPS SAYS SINCE TANLAC COMPLETELY RESTORED HER HEALTH.

"I firmly believe Tanlac has saved my life," was the emphatic statement of Mrs. Nettie Phillips, of Megadore, near Akron, Ohio.

"For some years past I suffered so from a badly disordered stomach that my life was miserable. Whenever I ate anything in the way of solid food it was like a stone in my stomach, and I suffered perfect agony."

"I had spells of dizziness, when black spots would swim before my eyes and at times I could hardly see. I slept so poorly I dreaded to go to bed, for I knew it meant hours of restlessness before I got to sleep."

"Since I have at last found the right medicine for my troubles I am the happiest woman in town. Just a few bottles of Tanlac have enabled me to eat whatever I want and I never feel a touch of indigestion."

"Those sharp pains in my stomach and the dizziness and sleeplessness have all stopped. I have gained several pounds in weight, have a healthy color and feel years younger. In the mornings I feel so strong and well I am impatient to get about my housework. My only regret is that I didn't get Tanlac a great deal sooner, for it would have saved me a world of suffering."

Tanlac is sold in Louisa by Mrs. J. H. Reynolds. (adv)

Catlettsburg - Kentucky

In Memory of Mrs.

Louisa Shortridge

Louisa A. Shortridge born in Pike county, Ky., October 9, 1870, departed this life November 22, 1920, aged 50 years, one month and thirteen days. She joined the M. E. Church in August 1895 at the mouth of Jones Creek in Pike county and was converted at the Snively Chapel on John Creek, Pike county, 1855 and lived a true devoted Christian for 65 years.

She was first married to Daniel I. Harman in Pike county in 1858 and to this union was born six children, four girls and two boys, viz: Mrs. Mary E. Green, Webbville; Adam Harman, Cadmus; Mrs. Susan Riley, Cadmus; Mrs. Gertrude Foster, Yatesville; Rev. V. D. Harman, Wheelwright; and Mrs. Maggie Stuart, Webbville.

Our father, Daniel I. Harman, departed this life March 6, 1870, in Lawrence county, Ky., at the age of 38 years and 13 days, leaving our dear mother with six little children. She was married the second time to George W. Shortridge near Fallsburg in 1876, and to this union was born five children—three boys and two girls, viz: a. N. Shortridge, Catlettsburg; Martin Shortridge, Normal; Bascom Shortridge, Cadmus; Ettie and Effie, both dead. Her second husband had been married prior to their marriage and to his first marriage was born five children, one is dead, four living, viz: V. B. Shortridge, Glenwood; C. B. Shortridge, Cadmus; Mrs. Dollie Barrett, Ashland; W. N. Shortridge, Normal, Ky. All of her children and step-children living were at her burial, except three.

Her children and step-children were constantly at her bedside awaiting an opportunity to do something for our dear mother. Her daughter Gertrude Foster and her daughter-in-law, Nancy Harman, were her regular nurses. Nothing was left undone that they could do for her. She came from her daughter's at Webbville to her daughter, Mrs. Susan Riley's, at Cadmus last October where her children and friends could see her often and where she would be close to her home cemetery.

Dear mother had a host of friends that loved, honored and respected her and did all they could do to comfort her in her last days. Brothers and sisters, no more in this life will we hear the sweet voice of mother in our homes, no more in this life will we see her sweet smiles as we enter her room.

place a kiss on her sweet face, no more in this life can we go to the fruit stands and meat markets and buy something good for mother. Brothers, no more will you come laden with beautiful flowers to place upon mother's casket. It is all over now. She has paid the debt of dying. We followed her lifeless remains, placed in a beautiful gray casket to the Falls Hills cemetery and there we took the last sad look at her lifeless form and consigned her to the narrow channel house with step-father, Ettie and Effie, there to sleep sweet sleep until the trump of God awake her sleeping dust; then she will come in a glorified body and have a part in the first resurrection on which the second death has no power, thank God.

She faced the storms of 50 winters and suffered the hardships of the war of 1861. She buried two husbands and two children, three sons in law and five daughters-in-law including two step-daughters-in-law. She visited the sick, cooked and fed the many friends that visited her home while she kept house. Thank God mother can rest from her labors and her works do follow her.

About 13 hours before her death she told V. B. Shortridge and me while sitting by her that she was ready to go and patiently waiting for the Lord to take her home. She told her nurses that she had as good children, taking them one and all, as there is in the world and she wanted her children to meet her in heaven.

Brothers and sisters, friends and neighbors, we do not mourn as them that are without a hope in the world for we know that beyond death's chilly river we can meet mother again. God bless the good friends that so kindly helped and assisted us during her last illness and death. God bless Brother Hutchison and Ellis for their words of comfort in the funeral service. God bless Mrs. Thompson and Rice for their medical care and kind attention.

ADAM HARMAN.

Do Your Christmas Shopping in HUNTINGTON

The Huntington Business Men's Association invites you to make Huntington "Shopping Headquarters" for the holiday season. Assortments of merchandise are larger, more varied and at lower prices for the most part than were offered last season.

This invitation is not an appeal to deprive your home merchant and local business interests of the support and patronage to which they are entitled and should have. You owe it to your home town and to your home merchant to buy from him such merchandise as he carries that will suit your purpose.

But, assortments are usually limited in your local stores and very often they do not have just what you want. It is to sell you this class of merchandise that we make our appeal. You are certain to find in Huntington such an array of unusual holiday merchandise that the customer looking for large assortment and exceptional value will be glad they came to Huntington this year.

Every courtesy and assistance possible will be given out-of-town shoppers. May we suggest that you make your visit as early as possible in order to avoid the crowded condition of the stores that will prevail during the last week of the shopping season.

The following firms have made special preparations to make your visit one of pleasure and profit. Hotels and restaurants have made preparations to take care of you properly.

Don't Doctor Your Corns. Let "Gets-It" Remove Them—Painlessly! Quickly!

Not only hard corns and not only soft corns but every kind of corn surrenders to "Gets-It," the national corn remover. It takes weeks or months to grow a corn. It takes just a few seconds to stop its pain with two or three drops of "Gets-It." Quickly it loosens so you can peel it right off without the least twinge or hurt, and it is gone!

"Gets-It," the never failing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mfg. by M. Lawrence & Co., Chicago.

TAKE CARE OF YOUR HEALTH.

If Your Blood is Weak and Clogged
with Poisons, Pepto-Mangan Will
Strengthen and Purify It.

When you get over-tired day after day, your system has to get rid of so much waste it can't create new energy fast enough. The result is that your blood is filled with waste matter. It becomes clogged. You are trying to get around with a lot of poison in your system.

You look bad, you feel poorly. You get out of patience easily. Ambition is lost. You just don't care about anything.
That is no way to live. Your blood needs help for a time. It is starved. You will find help in that line tonic, Pepto-Mangan. Pepto-Mangan purifies the blood and fills it with red corpuscles. In a little while you'll have plenty of rich, red blood and you won't know yourself. It isn't a magic medicine. It contains iron and other ingredients that feed starved blood and make it rich and red. Physicians have prescribed Pepto-Mangan for years.
Pepto-Mangan is sold in liquid and tablet form. Take either kind you prefer. One acts the same as the other. Both contain the same ingredients. But be sure to get the genuine Pepto-Mangan—"Gule's." The full name, "Gule's Pepto-Mangan," should be on the package.—Advertisement.

GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—
Used Black-Draught
30 Years.

"Cameron, Okla.—I have used Theodor's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Hostler, a well-known farmer of this place. Mr. Hostler has passed his three-score-and-tenth year, but declares his health still is good, "and I can say Black-Draught did its part."

"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Oklahoman. "It is one that I know to be reliable. I sure use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"Most trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

Theodor's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way.

Ask your druggist for a package today. Insist on Theodor's. NC-123

Readjustment Sale Prices Will Continue

Due to our inability to handle the enormous crowds that came to my biggest and most successful sale, I have decided to continue the tremendous reductions on my entire stock. Never before have such crowds been seen in Louisa. People actually came from a radius of more than 75 miles, because they knew they would save many dollars. What's more important, they did save more than they expected. People came because they know that when Jake advertises, every statement is absolutely true.

Railroad men were amazed at the tremendous crowds. The traffic to Louisa was as heavy as was the traffic to Ashland when Harding and Cox spoke there. Customers were amazed at the exceedingly low prices.

No sale, no matter by what name, either fire, water, smoke, bankruptcy backed up by the sheriff, could make prices any lower.

New merchandise is arriving every day. I have doubled my floor space to take care of it, and the tremendous crowds.

Did you ever hear of anyone besides Jake actually reducing prices right before Christmas, just at the time other merchants are making enormous prices? Think this over.

Read short price list below. Lack of space prevents me from mentioning prices of numerous articles. All prices marked in plain figures, on green tags.

A WORD TO PATRONS

A word to the patrons of selected children of Lawrence county.

I was elected Attendance Officer for this county and have served as such for four months, have worked diligently in the performance of my duty, meeting with many difficult propositions which I disposed of as best I could.

Always taking a common sense view and doing unto others as I would have them do unto me. I feel very thankful for the respect people have shown me, but there are some who think there is no such a law or that it won't be enforced. I wish to say that I have several cases now before the court and there will be more yet, and further state that we have a decision from the Attorney General saying that a Justice of the Peace has no authority to try these cases for failing to send to school, only to give them an examining trial and bind them over to grand jury. School attendance is some job to look after, as this is a large county and the weekly reports coming in makes it a hard task to keep up. His work and investigate each case as early as should be done. It sometimes happens that I am needed at different places in the county at the same time and sometimes the teachers become impatient. However, I will investigate these cases as fast as I can get to them. Some may get by without sending a portion of this term of school, but upon receiving information that parents did willfully or negligently refuse to send their children to school, such information will be furnished the next grand jury, and each report made by teacher will be termed a separate charge.

I am in receipt of a letter from the State Superintendent saying that school attendance in Kentucky for the year 1920 has almost doubled. Then it looks as if a compulsory school law is worth something. Realizing that I am working for a good cause I am not ashamed to do my duty. I am expecting a regular attendance the remainder of this term. People are now through with their busy work and this is my last appeal to you.

Yours respectfully,

T. H. CHAMBERS,

Attendance Officer for Lawrence County Schools, Yatesville Ky.
